## ACORN INTO SQUIRREL CARTOON

[www.activitytv.com](http://www.activitytv.com)

### DESCRIPTION

Get ready to draw an awesome "association" cartoon, where an acorn is transformed into its #1 fan!

### MATERIALS

- pad of paper
- pencil
- marker
- colored chalks or colored pencils
- eraser

### DIRECTIONS

1. Draw a rectangular shape with rounded sides to it. Draw the bottom of an acorn shape underneath that. Add a few crisscross lines on the left side of the top part of the shape.
2. Right underneath the line going across the middle, add an upside down triangle for his nose. Darken most of it in.
3. Add two curved lines coming out of the bottom of the nose for his big smile. Add two buck teeth.
4. Draw some dots on his cheeks and add whiskers.
5. Draw a large upside down U shape in the top part of the face and add 2 pupils for eyes, looking straight ahead. Add two bushy eyebrows.
6. On the very top, add 2 small ears.
7. Color your squirrel in grey. Add some red for his rosy cheeks, using your fingers to blend the color in if you're using chalk.
