DIRECTIONS

1. Draw a long nose, adding a curved line for a nostril. Draw an oval at the end, darkening in almost all of it but leaving a small circle at the end for shine.
2. Add two eyes, one slightly behind the nose. Make them half closed and add pupils looking to the right, towards the viewer. Add two small lines going up for eyebrows.
3. Add his smile and a tongue. Draw his head and add a large floppy ear. You now have a bloodhound! Draw another ear coming out from the back, behind his face.
4. Color him in brown and use red for his tongue. Add a few black lines coming out from his nose and the words "SNIFF SNIFF."
