

## DESCRIPTION

## MATERIALS

- pad of paper
- pencil
- marker
- colored chalks or colored pencils
- eraser

## DIRECTIONS

1. Draw an oval shape, with a small circle in the center for a nose. Draw 2 horizontal lines on either side for cheeks. Draw small back circles for eyes and curved eyebrows on either side.
2. Draw a large U shaped smile that touches the bottom of the face and 2 ears on either side of the head. Draw a small circle underneath for his body and 2 large boots coming out of the bottom.
3. Draw an upside down under smile for a tie, which is also the smile part of an upside-down face on the body.
4. Draw 2 lines coming out on either side of the body for arms, forming two triangles. Put two circles on each end for hands.
5. Draw thick black lines for his hair. Turn him over and you'll see his boots have turned into a chef's hat!
