

CARTOONING

MAYFLOWER SHIP CARTOON

www.activitytv.com

DESCRIPTION

Grab your pencil and set sail! This Thanksgiving learn how to turn the letter M into the voyage of the Mayflower.

MATERIALS

- pad of paper
- pencil
- marker
- colored chalks or colored pencils
- eraser

DIRECTIONS

1. Draw 2 wavy lines for water.
2. Draw a ship with a thick top and a couple of stylized steps on top. Make one end of the ship pointed.
3. Draw some small squares and circles for windows. Draw light lines going across the entire ship to show that it's made out of wood. Draw an occasional horizontal line to show wooden planks.
4. Draw 6 squarish-shaped sails and connect them to the ship.
5. Draw 2 flags on top of the masts, lines coming down to connect the sails to the ship. Add some netting.
6. Draw small heads to show the many pilgrims. Color the water blue, the ship brown, the sails yellow. Make the flags British.
