DIRECTIONS

1. Start by loosely drawing an oval shape with your pencil. Draw a horizontal line cutting across the bottom part of the oval.
2. Use your marker to draw a small pointy nose coming out of the left side of her head. Draw an upside down U shape for an eye, eyebrow going up, and eyelashes coming out of the bottom.
3. Draw a hint of a smile, small lips and a backwards C for her ear. Draw a bunch of small circles for her fancy earrings.
4. Draw a hairline from the top of her head to above her ear, and hair sitting tight above her head. Draw a few lines inside hair to show detail and a cloud of curls at the top of her head, towards the back.
5. Draw a crown at her hairline, with a lot of jewels to make it ornate. Draw a big curl coming out underneath the crown. Draw a jagged line for a collar and close it up underneath to make fur.
6. Erase all pencil lines. Use peach for her face, red for her lips and cheek, blue for eyelids, grey for hair, yellow for crown and earrings, and red underneath the fur for her robe.
