

## DESCRIPTION

This cartoon can be happy or sad, it's your choice. All you need is a pen and a piece of paper!

## MATERIALS

- pad of paper
- pencil
- marker
- colored chalks or colored pencils
- eraser

## DIRECTIONS

1. Draw an upside down U shape and 2 C's for ears. Draw bottom of face and lines for beard.
2. Draw a teardrop shaped nose, curved lines inside ears, and wacky hair on sides. Draw only a few on top.
3. Draw 2 round eyes and make him look straight ahead. You want him to have no expression. Draw the eyebrows going straight across, and 2 straight lines for mouth and lower lip.
4. Add some color. Use light peach for his face, red for cheeks, and grey for hair.
5. Folds: Turn paper over and fold paper vertically, at both edges of his mouth.
6. Make a fold right down the center. Turn over again, and tilt the paper forward to make him smile, or backward to frown.
