

## DESCRIPTION

Meet one of the stars of Thanksgiving...Tom Turkey who you can draw from the initial T! So grab your marker and get ready to draw!

## MATERIALS

- pad of paper
- pencil
- marker
- colored chalks or colored pencils
- eraser

## DIRECTIONS

1. Write the letter T. Make a curved line from the bottom part of the T, curving up towards the right. Then draw a line from the top right line connecting to the other line.
2. Make an S curve connecting to that shape. Make a small circle at the end and cut it in half. This will be his half open eye.
3. Draw his open beak and a piece of skin that comes over. Create his long neck by drawing a jagged line to show his feathers.
4. On his side, draw a large feathery arm. Add his tail by drawing another large flowery hand-shaped feather on the end.
5. Draw short legs and curved, webbed feet.
6. Color your turkey's body brown, and his back feathers different colors like yellow, brown, blue, red and green. Color his neck and face red, beak orange, and feet yellow.
7. Write GOBBLE GOBBLE a few times around his head to make him talk.
