

# COOKING

## OOZY AND CRUNCHY EYEBALLS

[www.activitytv.com](http://www.activitytv.com)

### DESCRIPTION

Get ready to make some gory goodies this Halloween. They make terrifying treats for any Halloween party!

### INGREDIENTS

- spreadable cream cheese
- sliced pitted black olives
- 1 cup of cherry tomatoes
- carrots, peeled and cut into 1-inch chunks
- 1/4 cup raisins
- 3 cups spinach

### TOOLS

- toothpicks
- serving plate

### DIRECTIONS

1. To assemble the crunchy eyeballs: Place one carrot chunk on a plate. With a small spoon, place a tiny dollop of cream cheese in the center of one flat side of the carrot.
2. Push a raisin into the center of the cream cheese to create the pupil for the eyeball. Repeat these steps to fill up your plate of eyeballs!
3. To assemble the oozy eyeballs: Pierce a cherry tomato with the toothpick. Gently squeeze the tomato so that the juice and seeds begin to ooze out.
4. Place a small spoonful of cream cheese on top of the tomato.
5. Push half of a sliced black olive into the cream cheese to create the pupil. Place them on the plate with the crunchy eyeballs.
6. Arrange the eyeballs on a serving plate using the spinach leaves as garnish.
