

DESCRIPTION

This costume is out of this world! This Halloween transform yourself into a space age alien!

MATERIALS

- orange long sleeve shirt
- pink faux fur
- orange faux fur
- safety pins
- scissors
- marker
- 2 styrofoam balls
- glue
- gold glitter paint
- headband
- 6 green pipe cleaners

DIRECTIONS

1. Cut a bunch of blobs of alien skin out of pink faux fur.
2. To create tentacles, start by folding a bigger sheet of pink faux fur in half. Draw on 4 alternating long and short tentacles. Round off the edges and cut them out with the sheet still folded to create 2 sets of tentacles.
3. Attach your tentacles to an orange shirt. Glue the blobs to the front and lie fur down under the sleeves to safety pin them.
4. Twist 2 sets of green pipe cleaners together and stick them into Styrofoam balls. Draw spirals on the balls for eyes using glitter paint.
5. Cut 2 triangles out of orange faux fur and wrap them around the eyeballs to create lids. Glue them down and let them dry for about an hour.
6. Create 2 spirals out of pipe cleaners by twisting them around a marker. Attach them to the side of your headband to create antennas.
