

DESCRIPTION

Trick-or-treating will definitely be bat-tastic when you wear this great costume!

MATERIALS

- black long sleeved shirt
- black pants or leggings
- black shoes
- safety pins
- fabric
- scissors
- headband
- black foam
- black tape

DIRECTIONS

1. Fold fabric for wings in half, and over again to find the center. Cut along the folded edge to create 2 wings. Measure your sleeve's length to make sure the wing fits. Cut triangles along the edge of the fabric to create cool looking wings.
2. Safety pin the triangles to the bottom portion of your sleeves. Pin the other side of your wings to the side of your shirt.
3. Cut a strip of fabric, about 2 inches thick, long enough to go around your head. Cut 2 eyeholes.
4. Cut a long rectangle out of black foam, then cut 2 rectangles. Cut out ear shapes. Fold down the bottom of each and make small cuts to attach to headband. Tape them down with black tape.
