

DESCRIPTION

Your friends will be abuzz when they see you in this bee-utiful costume!

MATERIALS

- black hooded sweatshirt
- black sweatpants or leggings
- black shoes
- yellow tape
- yellow foam
- 60"x30" rectangle of yellow tulle
- safety pins
- 5 gold pipe cleaners
- headband
- 2 styrofoam balls
- glue
- gold glitter

DIRECTIONS

1. Place 2 pieces of yellow tape diagonally on both shoulders of your sweatshirt. Create a stripe across the chest and keep adding more to create horizontal stripes. Add stripes on the back as well.
2. For wings, use a piece of tulle and wrap a gold pipe cleaner around the middle. Bring in corners of both ends and secure in the middle with the rest of the pipe cleaner. Add 2 more pipe cleaners to separate wings.
3. Safety pin the wings to the back of your sweatshirt where your shoulder blades would be.
4. Create a stinger out of yellow foam by cutting out a circle. Cut halfway into the circle, and twist into the shape of a party hat. Glue the inside and attach it to your shirt from the inside with safety pins.
5. Twist 2 pairs of pipe cleaners together and stick them into styrofoam balls. Cover the balls in glue and roll them in gold glitter, using a plastic plate to catch excess glitter. Set aside to dry for 20 minutes, then attach them to your headband to create glittery antennae!
