

CRAFTS

BLOODY SCAR FACE MAKE-UP

www.activitytv.com

DESCRIPTION

Get ready to gore it up this Halloween with some gruesome make-up! In no time you'll have some bloody scars that are sure to give everyone a fright!

MATERIALS

- tissue paper
- corn syrup
- spirit gum
- rubber scar
- make up (to match skin tone)
- make up sponges
- fake blood
- cotton swab

DIRECTIONS

1. Break off a piece of tissue paper and break it in half.
2. Cover one piece in corn syrup.
3. Put it along your face like a scar.
4. Do the same for a second piece and put it next to the other, making a valley in the middle. Let dry for 5 minutes.
5. To apply a store bought scar, put spirit gum on your face and let it sit for a minute and a half. Put fake scar over spirit gum. Apply makeup around edges to match skin tone. Apply makeup to homemade scar.
6. Using a Q-tip, apply the fake blood to the crevice in the scar.
