

DESCRIPTION

Gross out your friends with this infectious costume. So hold the soap and get ready for a bacteria filled Halloween dressed up as a Germ!

MATERIALS

- black shirt
- black leggings
- 10-11 orange pipe cleaners
- green glitter
- glue
- white self adhesive letters
- marker
- red foam
- black foam board
- utility knife
- black tape
- scissors
- white crayon
- paintbrush
- table covering
- caution tape

DIRECTIONS

1. Trace and cut black foam board into the shape of an amoeba. Draw and cut out a circle big enough to fit your face. Pop it out.
2. Paint on glue and cover it with green glitter. Put aside to dry.
3. Stick the word "SOAP" onto red foam. Draw a circle around the word soap. Draw around an outer edge. Remove letters and make a diagonal line going through the top. Cut out your sign.
4. Create spirals with orange pipe cleaners. Glue the word "SOAP" onto your glittery surface and glue red sign over it to "X" it out. Glue on spirals.
5. Cut two straps out of caution tape and create a crisscross pattern across the back of germ costume. Tape the ends on with black tape.
