[www.activitytv.com](http://www.activitytv.com)

### DESCRIPTION

Watch as Laura Kelly shows her friends how to make this super cute puppy place saver. Join the fun and work along with the gang so you can have your very own puppy bookmark!

### MATERIALS

- scissors
- glue
- large paper clip or popsicle stick
- black marker
- two colors of felt
- one set of googly eyes or buttons
- bead or button for nose
- large plastic cup

### DIRECTIONS

1. Start by cutting a circle about 4" round. You can use the bottom of a can or jar to trace. Cut out two circles.
2. The next thing we need to do is put one circle down and cover it with glue. Put paper clip on edge of circle with most of the paper clip hanging outside of the circle. Put second circle on top of first circle with glue.
3. When you are done gluing the circles, it's time to make the puppy ears! Cut two ears any shape you want, long and floppy or short and perky. Glue your ears on where you would like them.
4. When your ears have been attached to the puppy's head. Cut out small circles of second color of felt and glue onto ears of puppy for spots.
5. Now it's time to glue down googly eyes and button nose.
6. Take your black marker and draw on your puppy's mouth. Now let your puppy dry completely, this takes about an hour and a half.
