

DESCRIPTION

You'll look like you've just been picked from the pumpkin patch with this traditional Halloween costume!

MATERIALS

- orange windbreaker
- black leggings
- black shoes
- black felt
- scissors
- glue
- green felt
- safety pins

DIRECTIONS

1. Cut a Jack-O-Lantern face out of the black felt - 2 triangle eyes, nose, and a mouth. The nose should be smaller, and the eyes identical.
2. Cut out a large, crescent moon-shaped grin for a mouth with a few square-shaped teeth.
3. Glue everything onto the front of your orange windbreaker.
4. Cut a 2"x 12" strip of green felt and roll it up to make a stem. Glue the end and set aside to dry. To create 2 leaves, cut 2 squares out of green felt, and then cut out 2 heart shaped leaves.
5. Attach your leaves, followed by the stem, to the top of your hood with safety pins.
