MATERIALS

- Batch of pre-made cupcakes
- White frosting
- Chocolate cake cookies
- Chocolate sprinkles
- Blue detail icing
- Mini marshmallows
- Red hard candies
- Knife

DIRECTIONS

1. Use a knife to spread white frosting onto your pre-made cupcake.
2. Dip the top of your iced cupcake into your chocolate sprinkles to make it brown. You can use different sprinkles if you want your cupcake to be a different color.
3. Time to make the ears for your pupcake. Take a chocolate cake cookie and cut it in half.
4. Cut a second cookie in half. One of these halves will be the puppy's nose.
5. Stick your first two cookie halves cut side down onto the top of the cupcake where you want the ears to be. Then stick your nose half down where you want the nose to be.
6. Take a mini-marshmallow and cut it in half. Stick your marshmallow halves cut sides down next to each other between the ears and nose of the pupcake. These will be the puppy's eyes.
7. Place a small dot of blue detail icing into the center of each marshmallow eye for the pupils.
8. Peel back the wrapper of the cupcake beneath the puppy's nose slightly. Take a red hard candy and stick it into the cupcake just under the frosting where the nose is. Now your pupcake has a tongue. Fold the peeled wrapper back underneath the tongue.
9. Repeat steps 1-8 as many times as you need to make enough puppy cupcakes for all of your friends!
