MATERIALS

- Styrofoam ball
- Black permanent marker
- Silver cord
- Tacky glue
- Silver glitter
- Knife or scissors

DIRECTIONS

1. Spread glue all over the Styrofoam ball.
2. After that, cover the entire ball in silver glitter. This will be the head of your microphone.
3. To make the microphone handle, use glue to stick the end of your silver cord right into the bottom of a black permanent marker. Let that and your Styrofoam ball dry for about half an hour.
4. With an adult helper, use a knife to cut a hole into the bottom of your Styrofoam glitter ball.
5. Take the top of your marker and stick it into the hole of the ball. Add glue to hold it in place if it's loose. Now you're ready to rock!
