

## DESCRIPTION

Get ready to decorate your windows this Chanukah with a cool Star of David Stained Glass window decal!

## MATERIALS

- plastic wrap
- silver puff paint
- scissors
- glue
- red, green blue and purple food coloring
- white paper
- black marker
- tape
- gold cord
- table top covering
- plastic plate
- 4 paint brushes

## DIRECTIONS

1. Take a piece of white paper and draw a triangle. Turn it upside down, and draw another triangle right on top to create a Star of David.
2. Place a piece of clear saran wrap on top of the drawing and tape that down to your surface so it doesn't move while you work.
3. Outline the guidelines of the star with silver puff paint.
4. Take a gold piece of cord, tie it in a knot and stick it in the wet paint. This is used for hanging of the ornament. Set aside to dry for about a half hour.
5. Squeeze out a bunch of glue and add blue food coloring. Paint the center of your star. Squeeze out some more glue and add a few drops of green food coloring. Paint the top and bottom parts of the star. Create some purple paint and paint 2 more pieces of the star. Create pink paint to finish the last 2 pieces.
6. Let it dry for half an hour and then cut out your star. It's ready to hang!
