DESCRIPTION

Grab your favorite baby picture and some glitter glue and get ready to learn how to make the Key to my heart charm necklace!

MATERIALS

- scissors
- photos
- metal-rimmed key tag
- glue
- glitter glue
- ribbon

DIRECTIONS

1. Make color-copies of some of your favorite baby pictures, Try to reduce the size of the photos to about 1 inch, so they fit inside of the key tags.
2. Cut the pictures out, and make sure you cut them down to the size of your key tags. Glue them on to the tags. A glue stick works best, but school glue will do the job if you don't have a glue stick at home!
3. Decorate them using glitter or anything else you like. You can add glitter using your glue stick to the metal part of the tag. Let them dry for at least a half hour.
4. Take your ribbon and cut off a 24 inch (2 foot) piece. Make sure you have your adult helper around when you use your scissors. Take your piece of ribbon and loop it through the rings of all of your key tags, and voila: you've just made a wonderful keepsake necklace!
