

FAMILY GIFTS

KEY KEEPER

www.activitytv.com

DESCRIPTION

Are your parents constantly losing their keys? Then grab some colorful paint, a piece of wood, and some hooks to make them a personalized key rack.

MATERIALS

- two picture hangers
- 4 by 12-inch pine board
- craft paper
- 3 wooden shapes
- blue, green and red paint
- paintbrushes
- cup of water
- glitter glue
- 6 small cup hooks
- ruler

DIRECTIONS

1. Get a wooden board that's 4"x 12" and some fun wooden shapes, and begin painting them! A cowboy theme is a good one to try, but use any theme you like. When you're finished, let everything dry for about a half hour.
2. Attach the picture hangers to the top of the board. This is kind of tricky, so ask an adult to help you.
3. Decorate the board with the wooden shapes you've painted. When you're done gluing on your wood shape, you can add some glitter glue. Let your decorations dry for an hour.
4. Figure out how many hooks you'd like on your rack...then ask an adult to screw them in for you. The hooks should go in just under your decorations.
5. Glue on some pictures of your family...this is a fun way to delegate key rings!
