

## DESCRIPTION

Join illusionist Ryan Oakes as he shows you how to do a bit of magic you can do at the dinner table!

## MATERIALS

- spoon

## DIRECTIONS

1. Hold the spoon in between your right thumb and forefinger.
2. Bring your left hand over and begin to intertwine your fingers... however, the middle finger of your left hand actually doesn't get interwoven... it gets hidden inside your hand, where it can then hold the spoon!
3. Make sure all your fingers are alternating back and forth so that your spectators can't tell there's a finger missing inside!
