

PAPER AIRPLANES

ART-DECO WING

www.activitytv.com

DESCRIPTION

Want to make a plane that can do amazing stunts and loops? Well then watch and fold along with Michael LaFosse as he shows us how to make a super airplane that looks like a space age mother ship!

MATERIALS

- 1 piece of 6 inch square paper

DIRECTIONS

1. Take square 6 inch paper white side up diamond shape.
2. Fold in half bottom to top.
3. Fold the right and left corners into the top square corner and you'll have a small diamond.
4. Turn paper so folds are at top.
5. Bring right folded edge from middle to right side top, repeat left side note your pre-creases.
6. Unfold.
7. Lift right triangle flap and note how paper can open- put finger inside to open like a cone use pre-creases to flatten it into a kite shape then repeat with the left side.
8. Flip paper.
9. Take top layer and roll from bottom above top of plane.
10. Roll bottom layer up about half way.
11. Turn upside down so that the square is down.
12. Roll square corner up to middle of folded edge.
13. Note the valley creases toward the bottom.
14. Take bottom edge and roll up and stop when it reaches cut edge.
15. Roll cut edge up to folded edge.
16. Grab folded shape and flip up and flatten.
17. Bend paper along crease to tuck shape down behind so that its hidden.
18. Turn so that nose is up.
19. Hold triangle flat with square shape up along folds.
