DESCRIPTION

Get ready to glam it up with the double glamour braid! Join host Lisa Bleyaert and her friend Julie as they show you how to make this diva-licious DO!

MATERIALS

- brush
- scrunchie
- 3 hair bands
- 2 barrettes

DIRECTIONS

1. Start by taking a bunch of hair from the crown of the head and tie it off.
2. Separate into 3 sections and braid until about the length of your thumb.
3. Pull a section from the left side to the middle, and do the same with the right, making sure to keep them even. Gather the hair in the middle and tie off.
4. Continue braiding this section, again until the length of your thumb.
5. Take the rest of your hair from the left and right sides, and use your last hairband to tie it off.
6. Put a scrunchie over your last hairband, and add 2 barrettes on either side of the head, above the ears.
