DESCRIPTION

Ice cream sandwiches are always a hit! Join Chef Ralph Pallarino as he shows you how to make them! Just grab some vanilla ice cream and some chocolate chip cookies to get started!

INGREDIENTS

- 1 package large chewy chocolate chip cookies
- 1 gallon vanilla ice cream
- 1 package mini chocolate chips

TOOLS

- plastic wrap or aluminum foil
- ice cream scoop
- knife or spatula

DIRECTIONS

1. To assemble the sandwiches, the first thing you need to do is let your ice cream soften in the refrigerator for about 20 minutes.
2. Spread 1 scoop of ice cream on the bottom of one cookie. Place a second cookie, bottom side down, on top of the ice cream. Now roll the edges of your ice cream sandwich in the chocolate chips. Repeat until all the cookies are all used, wrapping each sandwich individually in plastic wrap or aluminum foil.
3. Let the sandwiches freeze for about two hours or until firm...then they're ready to eat!
