## SANDCASTLE LANDSCAPES/CLIFFS

[www.activitytv.com](http://www.activitytv.com)

### DESCRIPTION

Make your sandcastle look more realistic with landscaping! Learn how to sculpt cool cliffs, trees, bushes and more. You'll need the basic sandcastle formation to get started!

### MATERIALS

- bucket
- sand shovel
- spatula
- knife
- water
- sand

### DIRECTIONS

1. Pour water around edge of castle. Use shovel to create a landscape.
2. Add "drip trees." Carve out sides a bit and draw a path from the doorway. Carve out edges and dig out rocks to create setting. Carve out wall underneath using your shovel. Leave more room in the front of the castle.
