## SIMPLE BRAID

[www.activitytv.com](http://www.activitytv.com)

### DESCRIPTION

Simple braids are easy and very chic! Join Host Lisa Bleyaert and her friend Julie as they show you how to master this awesome hairstyle!

### MATERIALS

- brush
- hair band
- ribbon

### DIRECTIONS

1. Brush out shoulder length hair, making sure all the tangles are out.
2. Gather hair at the base of the neck, and divide into 3 separate, even sections.
3. To begin braiding, hold the left and middle sections in your left hand, and the right section in your right hand. Cross the right section over the middle and pull the middle tight. This will now become your right section.
4. Take your left section, and cross over the middle, and pull that old middle tight. That will become your left section. Repeat this process again on the right.
5. Continue braiding until you reach the end of the hair. Take a hair band and secure the end.
6. Tie a ribbon around your hair band and make a bow.
