

SUMMER FUN

SLED KITE

www.activitytv.com

DESCRIPTION

You don't need any snow to build this awesome sled kite. After some simple steps, you'll be soaring the skies in no time!

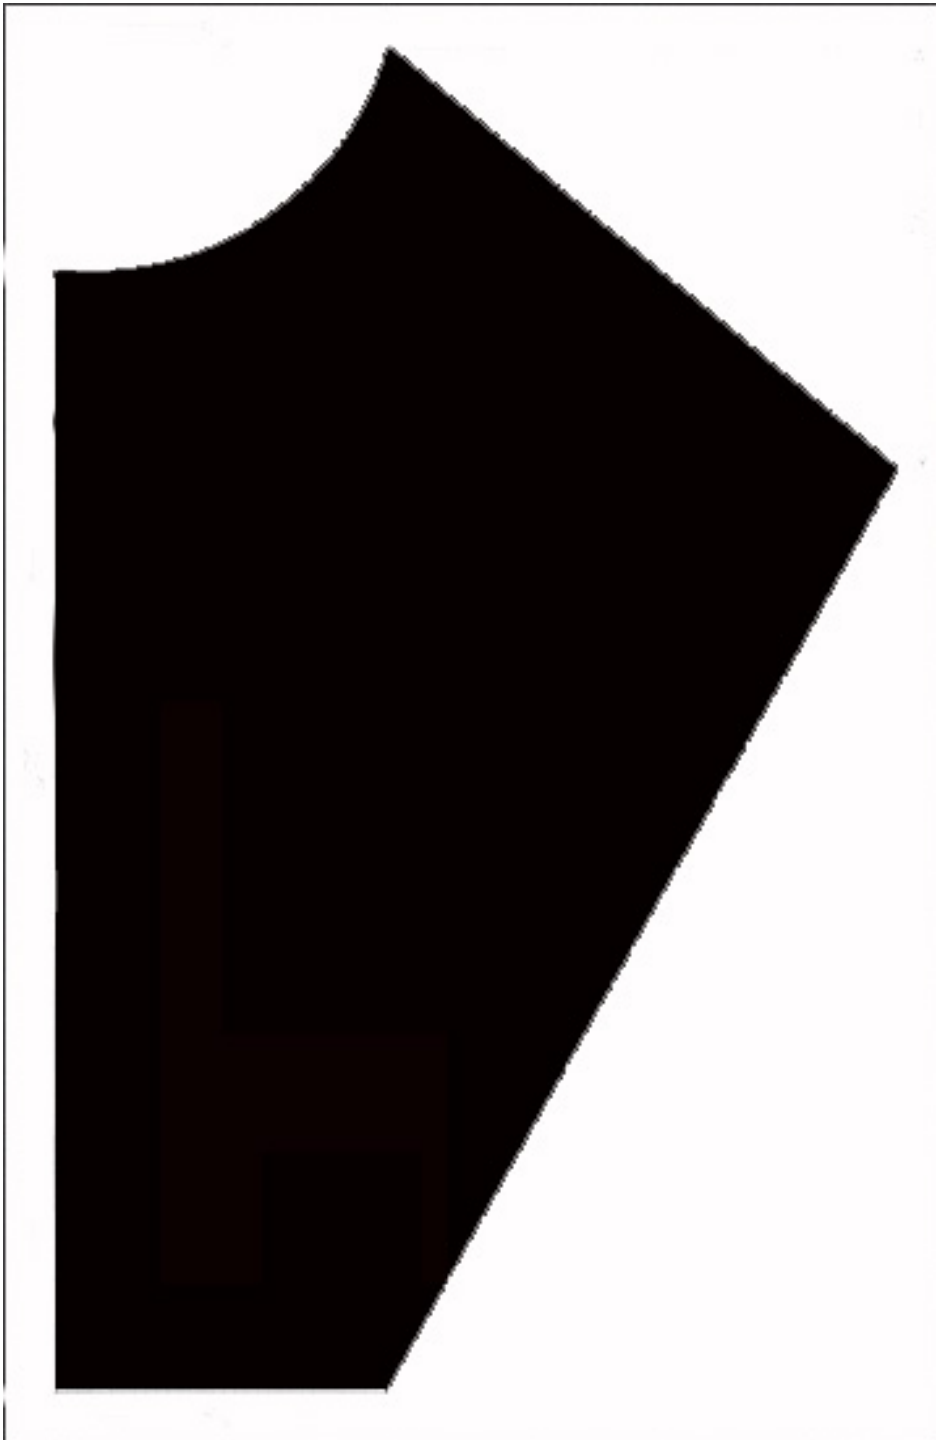

MATERIALS

- plastic garbage bag
- wood sticks - 2 @ 24" long - bamboo 1/8"
- tape (cloth)
- 1 hobby stick for fly line
- string - 30 feet or more (packaging type)
- scissors
- ruler (yard stick)
- magic markers (permanent)
- pencil/pen
- hole punch

DIRECTIONS

1. Lay plastic bag flat (folded in half) and cut out kite.
2. Open folding plastic sheet, and do your art decorating. Place sticks on kite sail and tape to sail at each end.
3. Place tape strips on corners of sail to re-enforce bridle holes, and punch holes to attach bridle.
4. Cut a piece of string 60" long - attach in each hole. Make a loop in center of bridle.
5. Cut 25 feet or more of string and wind onto hobby stick. Attach fly line to loop in bridle and tie on with 2 overhand knots. Make tails and place.
