

SUMMER FUN

THE STILETTO

www.activitytv.com

DESCRIPTION

The Stiletto may look simple, but it wins with accuracy and distance every time! All it takes is one piece of paper to fly the friendly skies.

MATERIALS

- one 8 1/2" x 11" piece of paper

DIRECTIONS

1. Fold paper in half. Fold right corner down to crease, and repeat with left corner.
2. Pull right side down to crease and repeat with left. Repeat with both sides.
3. Fold your paper down the middle. To create the wings, fold the right side down so it's even with the folded main edge. Turn your plane over, and do the same with the left side.
